Deputy Chief, FBIB

Report of Physical Inspection of Rest Coast Bureau

1. Under authority granted in Travel Order No. 386-49, dated 21 October 1948, the undersigned performed the necessary travel in connection with wisits of inspection to the West Coast Bureau at Meseda, California, during the periods 28 October - 4 November 1948 and 15 November - 21 November 1948.

SECTEARING

- 1. Operations at this Sureau indicate:
 - a. Clear delineation and assignment of responsibilities.
- be Proper supervision by Bureau Chief, Chief Editor and Chief Engineer of all phases of the operations
- c. Sound operating procedures in the monitoring, editorial and technical sections of the staff.
- d. Reference material now on 3 x 5 cards can be improved by use of visible record system thereby reducing time necessary for monitors and editors to check names of places and persons.
- e. A requirement for one additional clerk in the office of the Bureau Chief to maintain records and prepare reports.
- f. A requirement for four additional CAF-8 Monitoring Technicians in order to meet coverage requirements.
 - (1) Second Broadcast of Manila Press.
 - (2) Central News, Saigon.
 - (3) Radio Teletype Intercepts.

The result of increasing the T/O by four CAF-S monitoring technicians will be:

(4) Use of two men instead of one during the swing and graveyard shifts.

COMMISSION

- (5) Use of three code men on graveyard shift instead of two now used.
- g. Cruising position should be filled by a P-5 Hadio Engineer at Reseda).

h. All construction features of the station planned for facility of operations well utilized by operating personnel.

i. Staff memoranda and presentation charts would be of value to other bureaus since they reflect operational experience.

ADMINISTRATION

- 1. Inspection of the administration at this Bureau indicates:
 - a. Property records properly and adequately maintained.
- b. Washington should provide field bureaus with an extra copy of Form 50, Motification of Personnel Action, obviating the necessity of making extra copies for file in the field.
- s. The Bureau Chief should receive papers for processing new personnel prior to their receipt of telegraphic notice of acceptance.
- d. Verification of Bureau records of accrued leave for employees as shown on monthly T/A records now done on yearly basis by Washington. This creates hardship in planning leave schedules.
- e. Administrative officer is not a Motary Public, yet new employees require notarisation of papers.
- fo Bureau has surplus property on hand which would provide more storage space if properly disposed of (see attached list).
- go Medical examination and fingerprint forms not received for recent applicants.
 - h. Job descriptions require revision.

Section 18 h

i. It is difficult to estimate delivery time or stock level of items on requisition if requisitions are cancelled or changed by Washington without giving the field notification of action taken.
